

جدول مواصفات / امتحان البورد الفلسطيني - الجزء الثاني

Table of specifications, part II exam.

اختصاص التخدير والانعاش

#	Body of knowledge (topics)	Weighted Percentage (%)	# Of Questions (± 20 %)
1	Breathing system, anesthesia machine & Physics	2-4%	3
2	Cardio vascular physiology, pathophysiology & anesthesia	7-8%	6
3	Respiratory system physiology, pathophysiology & anesthesia	7-8%	6
4	Anesthesia for neurosurgery & and patients with psychiatric and neuromuscular diseases.	3-5%	4
5	Renal physiology and anesthesia for patients with kidney diseases	2-4%	3
6	Hepatic and GIT physiology & anesthesia for patients with liver diseases	3-5%	4
7	Anesthesia for endocrine diseases	3-5%	4
8	Obstetric anesthesia & maternal & fetal physiology and anesthesia	5-7%	6
9	Pediatric anesthesia	3-5%	4
10	Geriatric anesthesia	1-3%	2
11	Anesthesia for orthopedic surgery & patient positioning	3-5%	4
12	Anesthesia for trauma & emergency surgery	4-6%	5
13	Regional anesthesia, plexus block & peripheral nerve blocks	4-6%	5
14	Management of patients with fluid & electrolytes disturbance, Acid base balance, fluid management and blood component therapy.	4-6%	5
15	Thermoregulation, hypothermia & malignant hyperthermia	2-4%	3
16	CPR	2-4%	3
17	Anesthetic complication	3-5%	4
18	PACU	2-4%	3
19	Cardiovascular & non cardiovascular monitoring	3-5%	4
20	Intravenous anesthetic drugs	4-6%	5
21	Inhalational anesthetic agents	4-6%	5
22	Neuromuscular blocking agents	2-4%	3
23	Opioids, analgesics and benzodiazepines	3-5%	4
24	Acute and chronic pain management	2-4%	3
25	Ethics, safety and quality performance	1-3%	2
		Total	100

- **Suggested readings:**

1. Morgan and Mikhail's Clinical Anesthesiology
2. Miller's Anesthesia
3. Barash Clinical Anesthesia
